Dear Parents/Guardians of Gessians,

### Health Talks on “Diabetes”

Diabetes is a silent killer in Singapore. It can lead to kidney failures, blindness, amputation of limbs and even death. There is an increasing trend of people suffering from this medical condition. Diabetes will cause family to be financially burdened and emotionally unstable.

This talks will provide an insight on how

- it is caused.
- it is manifested
- it can be prevented
- it can be reduced in its damage to our body
- the Western and Eastern Medical views and treatments differ.

We have invited Dr Javed Rashid and Mr William Chui (TCM) to share their knowledge on “Diabetes”
